Moisture analyzer HC103

1	30216101	Halogen Moisture Analyzer HC103 (230V)	1	each	250,245.00	20.00%	200,196.00
---	----------	---	---	------	------------	--------	------------

Min. Recommended Moisture Range (%MC): 1
Drying Programs: Standard;Rapid
Repeatability (sd) with 10 g Sample: 0.015 %
Readability MC: 0.01 %
Repeatability (sd) with 2 g Sample: 0.1 %
Method Storage (max.): 20

All-rounder for Routine Moisture Tasks

Intuitive OneClick™ Operation

The large 7 colour touchscreen offers an easy to navigate user interface.
The operator is guided graphically step by step through the workflow.

Perfect for Lab and Production Floor

The robust design guarantees reliable results and a long instrument lifetime, whether you work in a busy laboratory or a harsh production environment.

Integrated Operator Training

The setup wizard gets you up and running straight away. The instrument tutorial shows you how to conduct a measurement and create a method.
